Pressing Matters

October 21, 2020

'Celebrate'

Designed, sewn & quilted by our very own Jackie Stoaks

"I created Celebrate to honor the men and women that work at KU Med Hospital. In 2017 my husband was at KU Med for 14 days and during this time I became very familiar with the staff. I was impressed with the fact that they did not let skin color, gender, religion, nationality, or sexual orientation get in the way of their professionalism. The staff of KU Med is an example to us all on how to perform as a team!"

Halloween is just around the corner!

'All Hallow's Eve' charmpack is still available, check out the swatches for it [here](#).

CLOSE-OUT! SPECIAL PRICING!

Then he said, Fabric shopping? Don't
you already have fabric in
your sewing room?

Then we both laughed.
